

Windows Vista, Windows 7

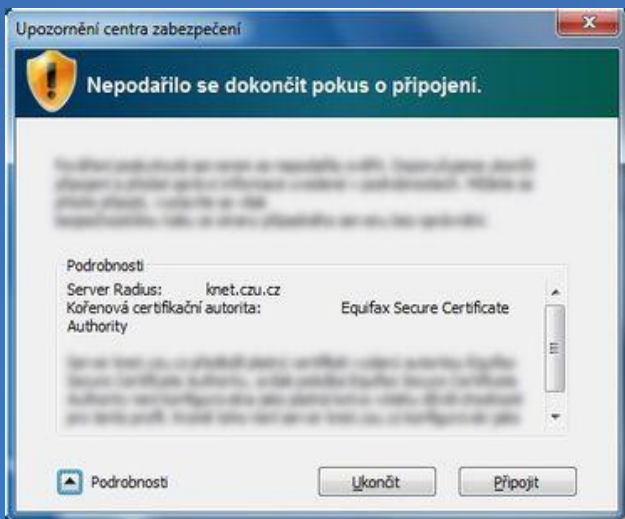

Look up network **knet** and press *Connect*.

Enter your login information (**loginname** is the same as in the Study Information System (HROCH), **password** that you created on the registration website at <https://kolejnisit.czu.cz>).

In *Security Alert* window click on *Details* and if the data agrees with the picture below, then click on *Connect*.

If you've done everything correctly, you were successfully connected.
